

Please download this app while at home as your Internet access may not let you do it while out at the venue.

How to check-in using Vic Services App

1. Download and open the Service Victoria app from either the App Store (Apple) or Google Play.

2. Scan the QR code and then follow the prompts to check-in with your first name and phone number. Submit your details and when requested Select the **Remember my Details**. That way your own details will be remembered for the next time you attend the venue (or any other venue that uses the Vic Services App) and the next check in is much quicker.

Login

Welcome to Service Victoria

Check in to locations to help with contact tracing. You can also securely store licences and permits.

Contact tracing

Quick check in

Quickly and securely check in to locations that have a Service Victoria QR code.

3. For those with no mobile, you can scan with a buddy phone but when requested don't save the details.
